1 BAYOU TECHE BYWAY

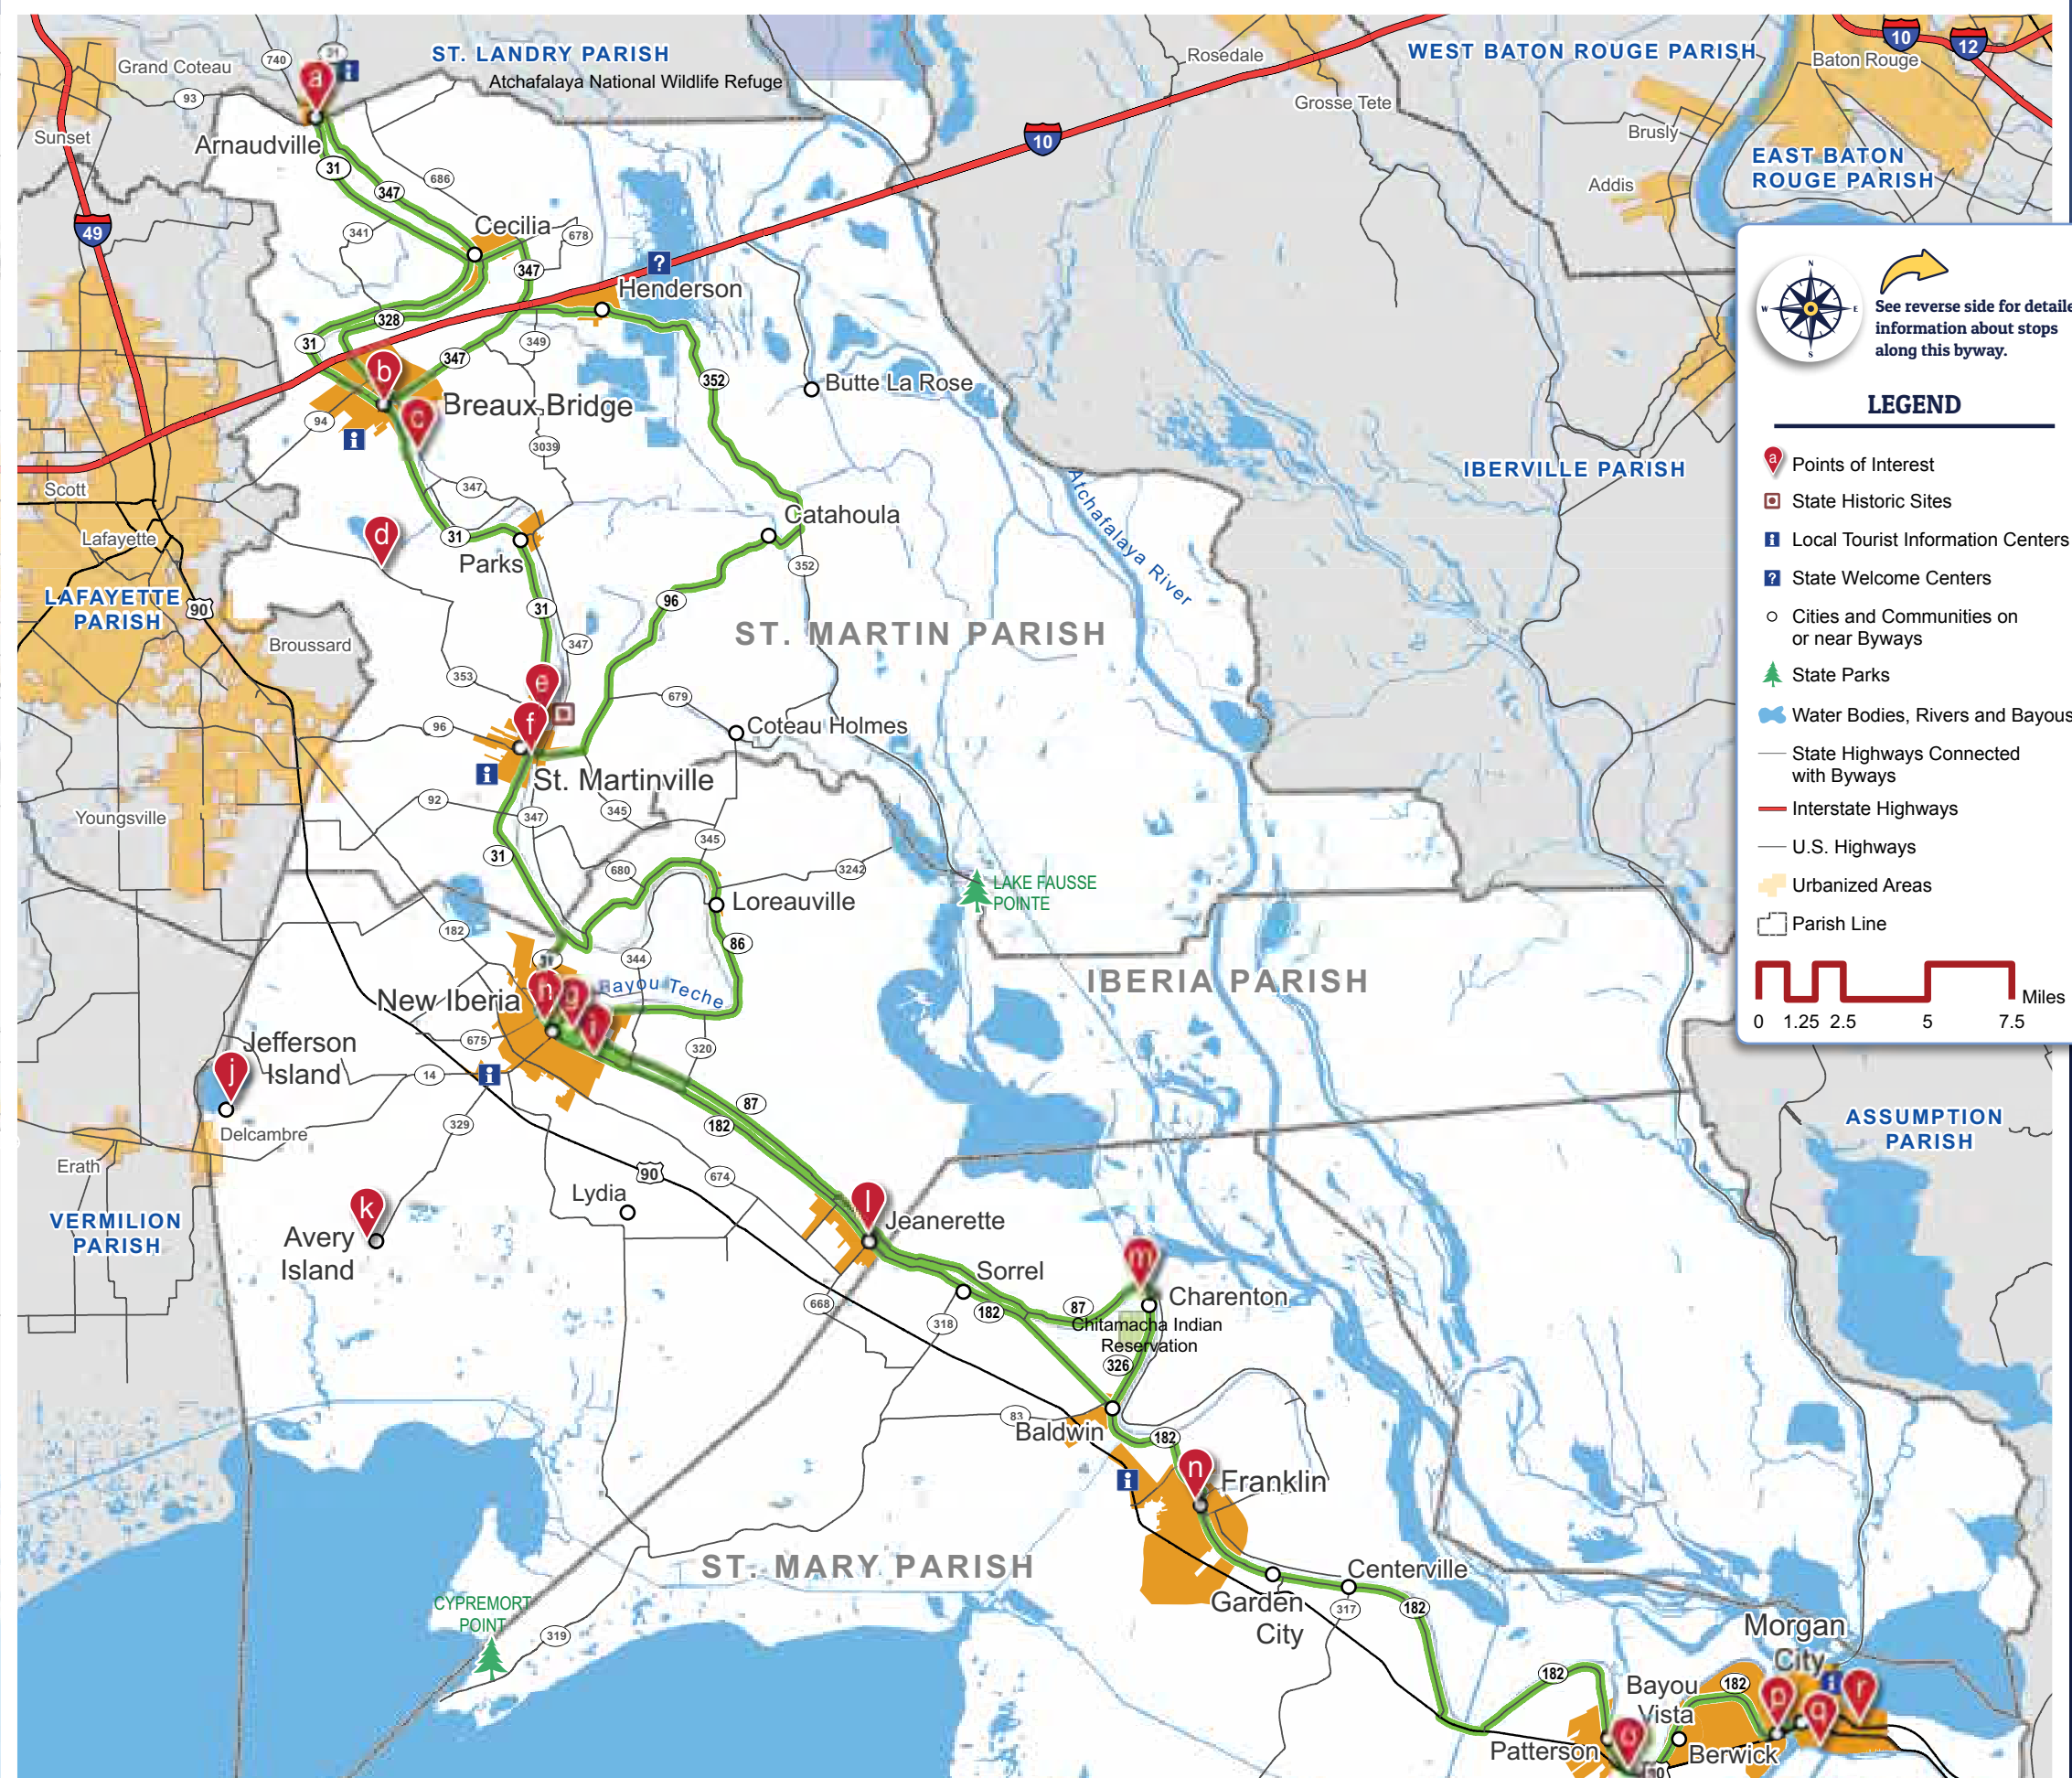

The Bayou Teche Byway follows closely along the banks of the region's most popular waterway and national paddle trail, Bayou Teche. This picturesque route provides a firsthand glimpse of authentic Cajun culture. Rural landscapes lead visitors to friendly communities filled with historic sites, local craftsmen and some of the best Cajun cooking from small town eateries. Thousands of years ago, the present course of the Bayou Teche was the main channel of the Mississippi River, so you'll also get a unique geological perspective of how the rich agricultural lands on this route were formed.

Explore places like Breaux Bridge, the Crawfish Capital of the World, Avery Island, where TABASCO® sauce is bottled, or Morgan City, home of the annual Shrimp and Petroleum Festival where food and industry come together in one uniquely Louisiana celebration. The Bayou Teche Byway connects the lifestyles of the past and present to offer visitors a chance to experience the cuisine, customs and communities that have come to define Louisiana culture.

In addition to the following points of interest, visitors will also experience historic sites, beautiful nature preserves, museums, eateries, and accommodations along the 184-mile route.
